WORK EXPERIENCE

VITO | 2024-Present

- **Finance Business Partner**
  - Developed and executed financial strategies, aligning with organizational goals to drive sustainable growth;
  - Spearheaded budgeting and forecasting processes, ensuring accuracy and enabling data-driven decision-making;
  - Delivered transparent, insightful financial reports, strengthening stakeholder confidence;
  - Built internal pricing models and developed business cases using scenario analysis to support strategic projects;
  - Actively built relationships with stakeholders across research, project management, and finance, facililitating smoother cross-functional collaboration;
  - Monitored high-impact pilot projects, enabling better budget control and financial visibility for stakeholders;
  - Identified and resolved inefficiencies in reporting processes (e.g. procurement tracking, PO analysis) to improve accuracy and reliability;
  - Improved internal financial tools through automation, better documentation, and practical data use;
  - Adapted financial messaging to non-financial stakeholders, helping drive understanding and alignment.

EY Accountants | 2021-2024

- **Financial Controller** (Subsidiary of the harbour)
  - Maximizing cash flow by closely monitoring budgets in a cash-intensive business;
  - Preparing future financial plans to guide the company's financial roadmap;
  - Generating monthly management reports;
  - Playing a role in critical decision-making.

- **PMO** (Multinational in fabric production)
  - Led a successful "health check" that contributed to contract extensions and new agreements;
  - Implemented process improvements, resulting in a 30% reduction in overall time for offshore teams.

- **AP Manager** (Multinational in fabric production)
  - Facilitated a seamless transition for an EY leader taking on the role of Accounts Payable Manager;
  - Developed training materials that enhanced offshore team skills and efficiency;
  - Utilized Power BI to design KPIs for tracking team performance, optimizing operations;
  - Provided support and mentorship to 11 offshore consultants, fostering professional growth and project success;
  - Acted as the key liaison between clients and offshore teams, ensuring effective communication and service delivery.

- **AP Analyst** (Multinational in fabric production)
  - Managed accounting compliance services and served as a liaison between clients and the shared service center for Accounts Payable;
  - Achieved a 40% cost reduction by transitioning from onshore to offshore operations;
  - Delivered insightful information about the current state of accounts to clients.
